

Please save the date - March 19th - for a Leominster Education Foundation event

"Dining Out for Education"

On March 19th, many Leominster restaurants are donating up to 25% of their profits to the foundation.

The foundation has already provided mobile computer labs to Samoset and Johnny Appleseed schools and is working to provide all other schools with mobile labs. Plan on eating out for a good cause on March 19th. A list of restaurants will be published as March 19th gets closer.
